

Tutorial Day Attendance Request

Please feel free to use this document to have a discussion with your manager/supervisor about attending the PHPNW13 Tutorial Day.

A fantastic opportunity for individuals and teams of PHP developers to come together with some of the most experienced and influential developers for a full day of hands-on teaching and learning.

Within a dedicated classroom environment the tutors will take the developers through in-depth teaching with opportunities for group learning, individual coaching and questions.

Four tutorial rooms will be provided allowing for a maximum of 30 delegates in each room. Prices shown include refreshments and catering costs and are per person inc VAT.
